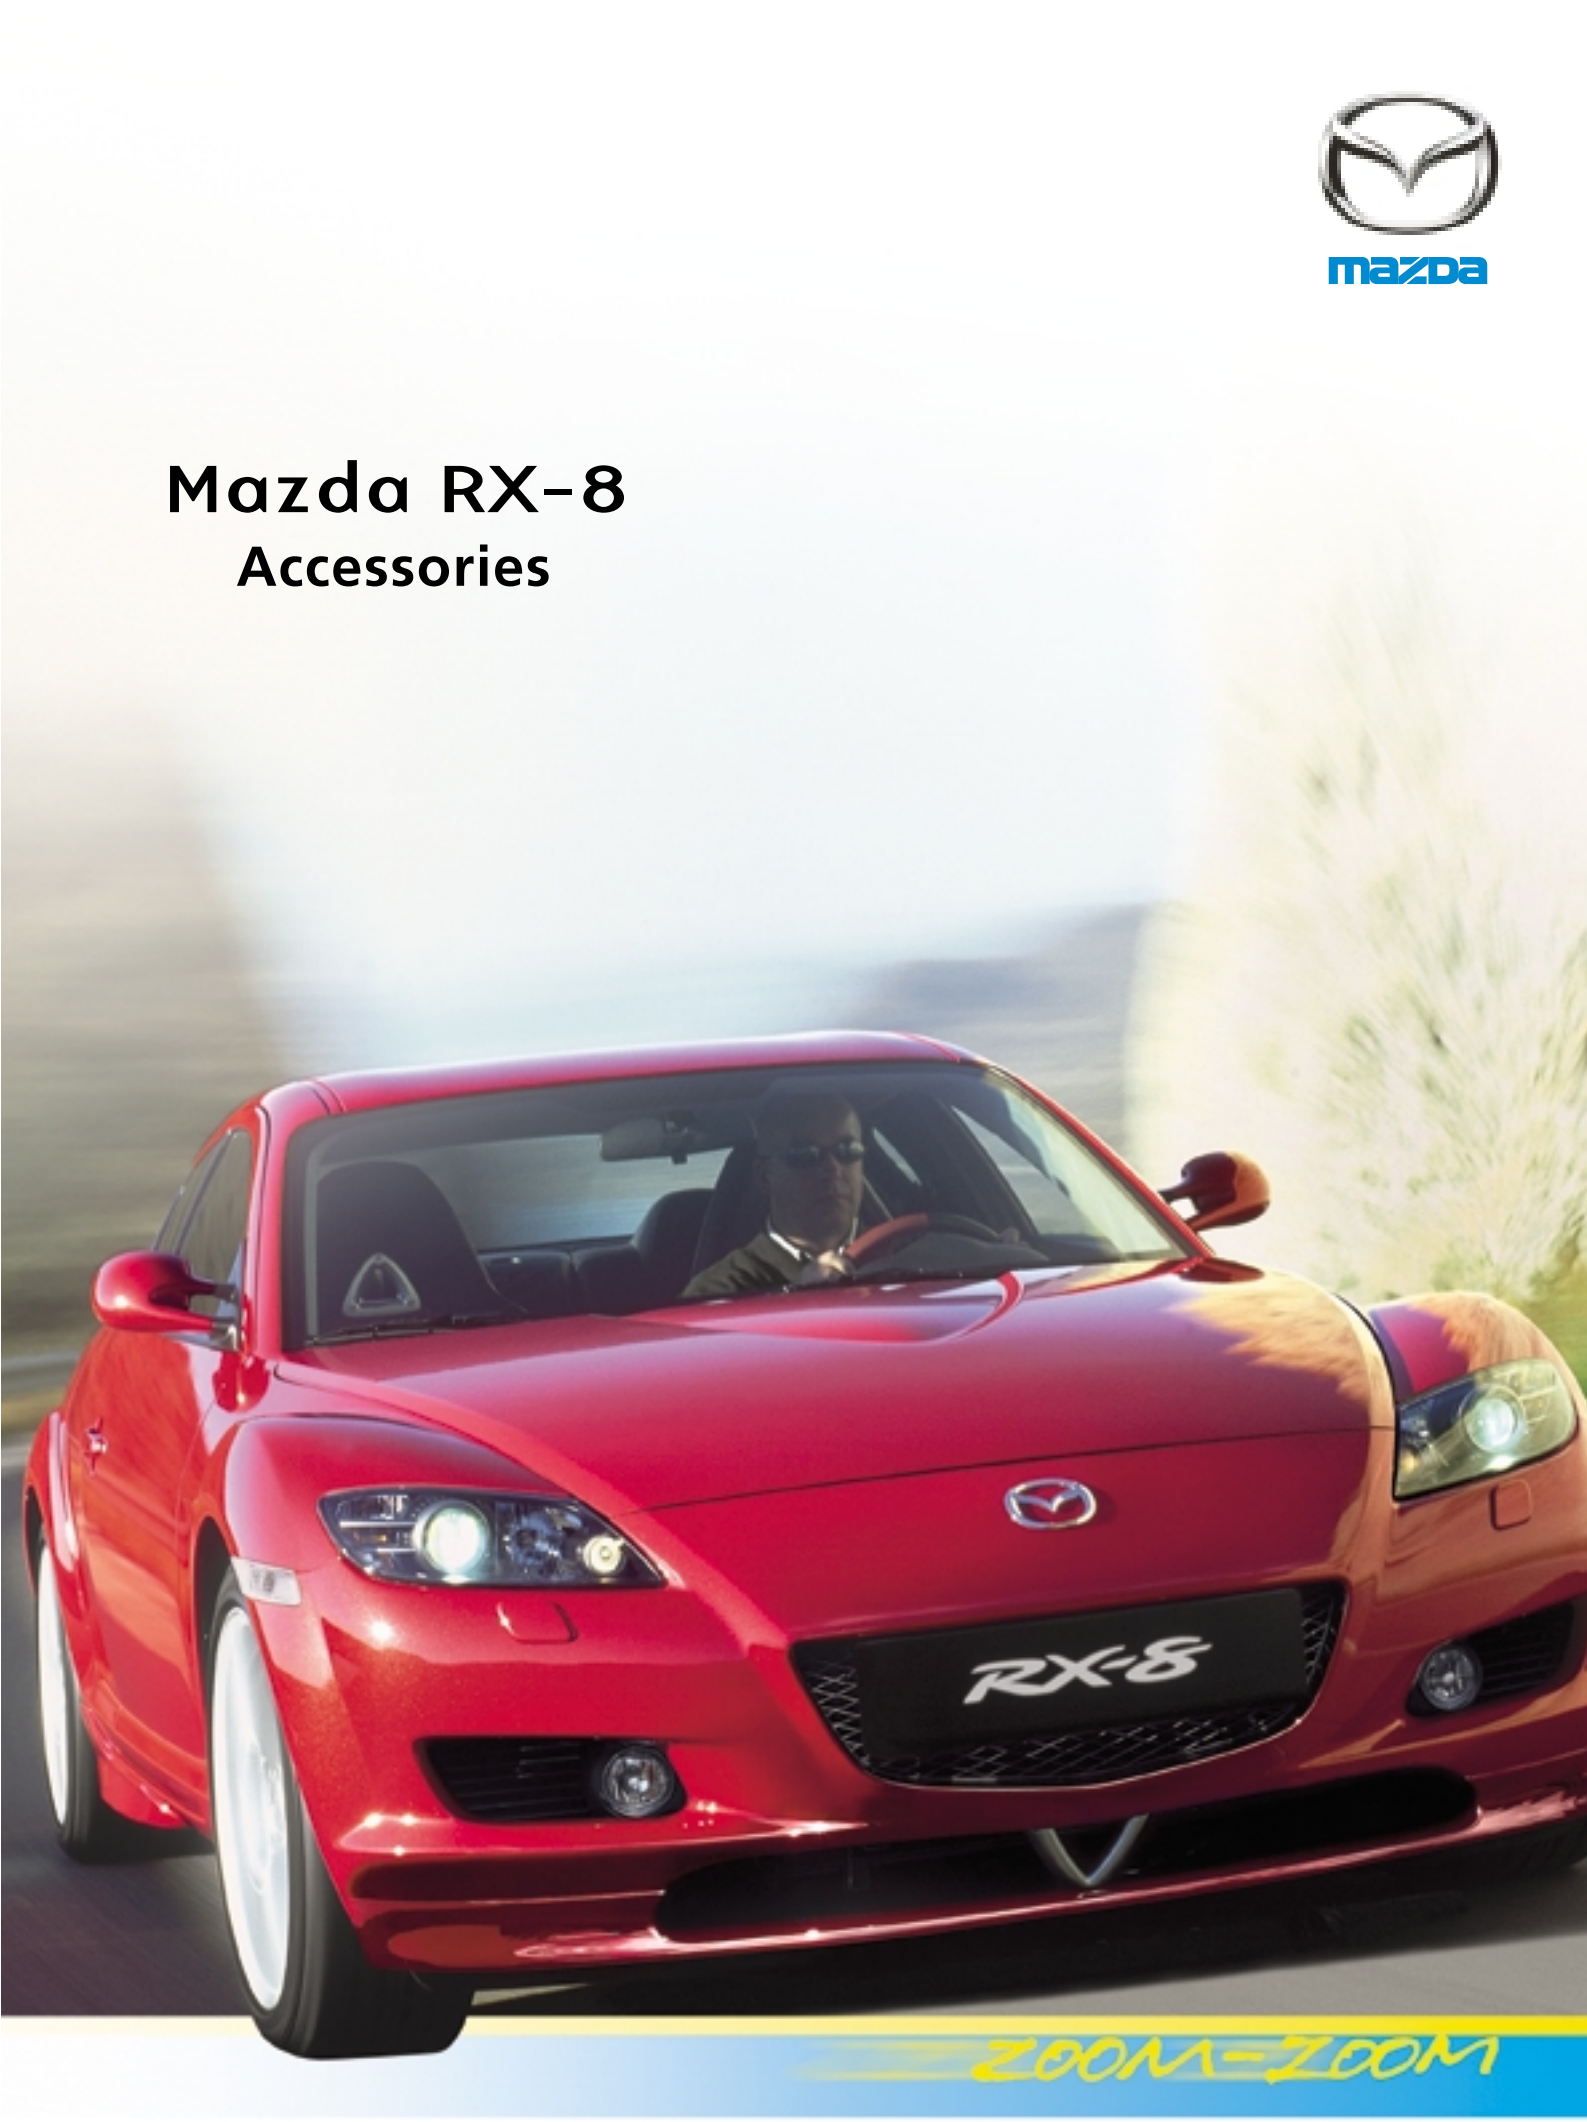
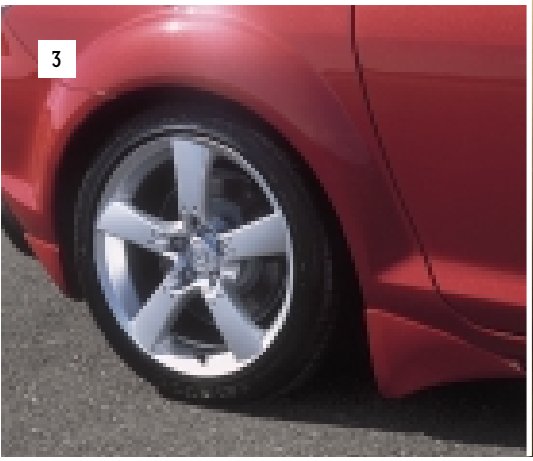
Mazda RX-8
Accessories





How far will you go?

Mazda's designers have pushed the boundaries with the new Mazda RX-8. Now you can push them even further with these dynamic body styling accessories.

The addition of a front air dam skirt gives your RX-8 a purposeful look, whilst the sports exhaust adds a touch of style from the rear. And tyre deflectors combine with mud flaps to create a real road-hugging profile.

So, add an extra dimension to your driving with this range of dynamic and stylish sports accessories.

Extra sporting panache

Mazda RX-8 has outstanding levels of style and performance. Add your choice of matching accessories, for an extra dash of sporting panache.

Why not add a fuel filler cap, air outlet fins and rotary crest in either brushed or polished aluminium? Polished aluminium wheels are also available. With a front air dam skirt, side deflectors and rear under deflectors, your RX-8 will look even more sporting.

Delight in the details

Attention to detail is one of the many things that sets Mazda RX-8 apart. You can add your own detail with a selection of small but attractive accessories. The B-pillar trim, in piano black, offsets the body colour, and features the Mazda RX-8 rotary emblem. This emblem is replicated on the aluminium scuff plates. The alloy pedal set and foot rests for driver and passenger add style to the interior as well as practicality.

Add a spot of colour

These interior accessories are not for the shy or sedate. They shout fun, performance and excitement in rip-roaring red – from the tip of the illuminated gear knob to the floor mats. As well as getting to grips with the two-tone red steering wheel and handbrake lever, you can even change the colour of lid for the front and rear consoles, all in high quality leather.

If you want to tone things down, black of course is never out of fashion and the handbrake lever and centre consoles are also available in high quality black leather.

Sleek, sophisticated, stylish

The racy styling of the Mazda RX-8's exterior will get your heart pounding. However, when you're on the inside you'll appreciate an interior which creates a calming atmosphere for you to relax. Take these piano black or aluminium accessories for the RX-8, they're definitely sleek, sophisticated and stylish. Whether you're looking at the piano black centre panel or the aluminium electric window switch trim, you know you're in the presence of a real performance vehicle.

Get carried away

Mazda RX-8 is unquestionably a superb sports car. However, it also demonstrates outstanding practicality. For example, the tow bar is clever, because with the towing ball detached it's hidden neatly away. Our reversing aid makes parking easier. And like everything else about the RX-8, even the opening and closing of the bonnet is a sheer delight, made effortless by the bonnet dampers.

Protect your asset

Having purchased your dream car you will want to do everything to protect your investment.

The branded indoor car cover will help to keep your RX-8's exterior free from airborne dust and dirt. And the boot liner is essential to help keep the interior clean.

With the RX-8 premium BOSE audio system you can enjoy your music with fantastic clarity. With our modular audio system – combinations of cassette, MiniDisc, MP3 or CD are possible. When you're settled in your seat and ready to go, you can start the engine in style with the exclusive Mazda RX-8 rotary emblem key – a key which fully deserves its own RX-8 branded key case.
